Course Title: The Origin of Indian Nationalism

+ Course Description

This course explores the emergence and evolution of Indian nationalism from the late 18th century to the early 20th century. It examines the socio-political, economic, and cultural factors that contributed to the rise of nationalist sentiments among Indians, leading to the struggle for independence from British colonial rule. The course will delve into the contributions of key figures, movements, and events that shaped the nationalist discourse in India.

4 Course Objectives

- Understand the historical context and factors leading to the rise of Indian nationalism.
- Analyse the roles of various social, economic, and political forces in the development of nationalist movements.
- Explore the contributions of key figures and organizations in the Indian nationalist movement.
- Examine the impact of British colonial policies on the growth of nationalism.
- Discuss the diverse ideologies and strategies within the Indian nationalist movement.
