Course Duration: February 15, 2022 - 35 hours
Class Schedule: Monday to Saturday, 3:35 PM - 5:35 PM

Course Overview

The add-on course "Society and Environment" offers undergraduate students an interdisciplinary understanding of the intricate relationship between human societies and their natural environments. This course aims to equip students with the knowledge and analytical skills to critically examine environmental issues and their social implications. The course is structured to foster a holistic view, emphasizing the interconnectedness of social systems and ecological processes.

Objectives of the Course

1. **Understanding Interconnections:** To explore the complex interactions between society and the environment.
2. **Critical Analysis:** To develop the ability to critically assess environmental issues through a sociological lens.
3. **Awareness and Sensitization:** To raise awareness about the socio-environmental challenges and their global and local impacts.
4. **Sustainable Solutions:** To encourage students to think about sustainable solutions and the role of social policies in addressing environmental problems.

Prerequisites

This course is designed for undergraduate students with an interest in sociology and environmental studies. No specific prerequisites are required, but a basic understanding of sociological concepts and environmental science will be beneficial.

Course Content

- Final project: Proposing solutions for a local environmental issue

Instructor: Dr. Animesh AL Rai

Dr. Animesh AL Rai is an Assistant Professor of Sociology at Sudhiranjan Lahiri Mahavidyalaya. With extensive experience in the field of sociology, Dr. Rai brings a wealth of knowledge and a passionate commitment to understanding and addressing environmental issues through a sociological perspective. His research interests include environmental sociology, sustainable development, and social policy, making him well-equipped to guide students through the complexities of the subject matter.

Conclusion

The "Society and Environment" course is a comprehensive program that addresses the need for a deeper understanding of the socio-environmental nexus. By integrating theoretical knowledge with practical case studies, the course prepares students to tackle environmental challenges with informed and sustainable solutions. Under the expert guidance of Dr. Animesh AL Rai, students are expected to gain valuable insights and develop critical thinking skills essential for contributing to the field of environmental sociology. This course not only broadens academic horizons but also instills a sense of responsibility towards fostering a sustainable future.
