From the feedback of the esteemed faculties of the college, it has established that the college have provided basic amenities to develop the academic betterment of the college and the faculties, good effect of which reflected in their research contribution as well as in the results of the students. Although faculties of the college individually suggested that to provide personal laptop and tab as few of the senior faculties have, but the reality is, that the fund provider was the University Grants Commission. So, expecting that, if the college get further grants from any funding authority, then the suggestion of the faculties can be implemented. Along with these, the faculties are suggested to make much better all the facilities for the student, staff and faculties like computer, printer, internet, wifi, purified drinking water, departmental cubicles, library, electricity and other basic necessities.
